INTRODUCTION

About IMSR:

We would like to present before you as a group of progressive educationalists with the objective to achieve excellence in education and build as an icon among the educationalists of India.

VISION:

We at IMSR Nagpur are committed to make our students successful professionals who shall be recognised as global assets.

MISSION:

Goal of IMSR Nagpur is to offer value based, market driven, quality entrepreneurship/professional programs.

We shall always strive to make our students competent and confident so that they can be recognized as respectable global asset.

What New Education Policy Says:-

As per New Education Policy, UGC has issued guidelines that students can pursue two academic programs simultaneously. So, Higher Educational Institutions (HEIs) are required to develop mechanism to allow students to pursue two academic programs simultaneously. To implement the scheme, IMSR help HEIs to implement the scheme in various ways.

While selecting any course student ask following questions to yourself

1. What is my career goal?
2. After five years where I would like to see myself?
3. Which is my interesting subject?
4. As per my area of interest and my personality, which job profile suits me better?
5. Is my one degree course enough to get job in recent emerging areas?
6. What can be my career prospects if I opt for second academic program?
7. Do I need to upgrade my qualification through part time certificate courses to advance my career and to keep myself ahead of the crowd?

If your answer for question number six is “Yes”, then IMSR Nagpur would like to offer you part time certificate course in recent emerging areas-
